Career Progression

Web Development
Immersive Program | Nov 2017 - Feb 2018
General Assembly, Washington, DC

Built fluency by completing a full-stack web development immersive 500-hour program, focused on core languages and industry best practices in Object-Oriented Programming, MVC frameworks, Data Modeling and developing in a test-driven development environment.

Developed a portfolio of individual and collaborative projects including:

- StudyBuddy | Designed with HTML, CSS, JavaScript and ❤️ by Lotus Designs. This simple approach and design helps enable the user to easily scan through terms and questions to enhance their learning experience. Link.
- The Juliaette Family Cookbook Manager | A back end developed application developed with JavaScript, NodeJS, designed Materialize and ❤️ by Lotus Designs. This simple approach and design helps enable the user to easily learning experience. Link.

Operations Analyst II | Jan 2017 - Sept 2017
Computer Systems Center Incorporated (CSCI)

- Provided management support ensuring successful program execution in an Agile scrum cycle.
- Collaborated with the PM to manage successful program execution and program risks with mitigation plans.

Lead Program Analyst | Jul 2016 - Dec 2016
Get It Done Solutions (GID) Solutions

- Provided analytical, administrative and technical acquisition support, ensuring that contractual, cost, and schedule objectives were met.
- Supervised junior program analysts.
- Authored and updated key programmatic documents/briefs, for stakeholders.
- Developed and managed multiple fully Integrated Master Schedules (IMS) while providing technical support.

Management Analyst II | Jun 2012 - Mar 2017
LTC Solutions, Stafford, VA

- Coordinated with the PM, to execute the management of proposals and contracts while overseeing three (3) team members.
- Evaluated and reviewed topic submission for development to ensure applicability with the SBIR; resulting in the successful execution of annual fiscal year budgets.
